Scope and Contents

This .42 linear foot collection is comprised of two series. Series I contains correspondence written to Ward Allen from his family and friends during his college years. The correspondence is in the form of letters, postal cards, and greeting cards. This material is arranged alphabetically by first name, with their relationship if known, then by date. Where dates were not included on the letter, the postmark date from the envelope has been used. Series II relates to Dr. James H. Joyner of Sumner County, Tennessee. It contains information on property ownership (tax receipts, insurance policies, mortgage), stock dividend receipts, and lists of medical debts owed to Dr. Joyner for his services (see also, James H. Joyner Collection, MSS #232).
