T. B. BUCHANAN, M.D.,
Prosecutor to the Chairs of Anatomy, and Curator of the Museum.

H. KROESCHELL, Janitor,
And Assistant to the Professor of Chemistry

Medical Department of the University of Nashville.

THE Trustees and Medical Faculty of the University of Nashville, in announcing the Eleventh Course of Lectures in this flourishing Institution, may be permitted to say that no expense has been spared to secure for it the power of as full and exhaustive a method of teaching as exists any where. Every possible device for illustration, known to Art, without regard to cost, has been secured, and original genius taxed for the extension of the means of minute and thorough teaching in every branch of Medicine and the Collateral Sciences. Whatever is new and approved as beneficial to the student, whether originating in this country or beyond the seas, is procured as soon as possible and added to the College Cabinets.

Profoundly impressed with the great kindness and patronage of their brethren throughout the slaveholding States, and the general good will of the entire profession of North America, the Faculty are stimulated to renewed exertions to make the Institution in all of its appointments, deserving of this warm and persisting support.

PLAN.

MEDICINE is taught in this Institution NINE months annually. There will be two sessions, but only one public commencement, as they count for one Course. A Summer Session, commencing the first Monday of each April, continues four months, and is especially devoted to Clinical Instruction, Practical Demonstration, and daily Examinations. The regular Winter Session opens the first Monday of each October, and Commencement is held early in March following. Students may, however, be examined for the degree in July.

THE TENNESSEE STATE HOSPITAL, under the direction of the Faculty, is open to the Class, free of Charge; and a Clinique has been established in connection with the University, at which, operations are performed, and cases prescribed for and lectured upon in the presence of the Class. The Hospital continues under the management of the Sisters of Charity, and is in every respect a First Class one.

The candidate for the degree of *Doctor of Medicine* must have attained the age of twenty-one years, and have been engaged in the study of Medicine three years. He must have attended two full Winter Courses of Lectures in a regular and accredited School of Medicine, the last of which in this Institution. He must write an acceptable Thesis, and deposit it with the Dean on or before the first day of February, on some Medical subject of his own selection. He must, at the time of receiving the degree, acknowledge the right of the Faculty to revoke it, should he engage in irregular or unprofessional practices.

EXPLANATION OF THE SUMMER COURSE.

1st. This Course counts nothing towards a degree, nor is a Summer Course in any other College recognized here as a course towards a degree. For that purpose this College confines itself strictly to Winter Courses here, or in other reputable Colleges.

2nd. The Student for this Summer Course upon entering College must pay the Dean fifty dollars, for which he receives a certificate. Whenever, thereafter, the holder of this certificate desires to take a regular Winter Course in this College, this certificate answers him every purpose of Fifty Dollars in money towards the payment of his fees for that course. So that nine months College Study cost him no more than he would have to pay here, or in other Colleges for the usual Winter Session alone. The whole American Medical Profession, through their Medical Congress, have struggled year after year to induce Medical Colleges to lengthen the Lecture term, and this course is a step in that direction.

A Parchment Certificate of honor is given, before every regular Commencement to each student who attended the Summer Course the preceding year.

F E E S .

The Fees for a full Course of Lectures amount to	- - - - -	\$105 00
Matriculation Fee, (paid only once,)	- - - - -	5 00
Practical Anatomy, (obligatory one session, in any accredited Med. Col.,)	- - - - -	10 00
Graduation Fee,	- - - - -	25 00

Good board can be procured at \$3 to \$4 per week. Further information can be obtained by addressing

W. K. BOWLING, M.D.,

Dean of the Faculty.
