

# EES Department Field Trip 2005

One of the cabins at Hancock Biological Station

Initiation (hazing) of new faculty member Steve Goodbred

A photograph showing three children from behind, looking at a large, layered rock face. The child on the left is wearing a red shirt, blue jeans, and a blue cap. The child in the middle is wearing a white shirt and a denim skirt. The child on the right is wearing a light blue shirt and blue jeans. They appear to be in a field or a quarry, with a rocky ground and some sparse vegetation. The text "All of the kids were into fossil collecting" is overlaid at the bottom of the image.

All of the kids were into fossil collecting

Awesome fossil!

Austin is very good at finding fossils
